

Quick guide

The screenshot shows the AHDB Pig Hub login page. At the top left is the AHDB PORK logo. Below it, there are navigation links for 'Home page' and 'Help'. A 'Sign up to' dropdown menu is set to 'region.'. The main content area is titled 'You are in Pig Hub' and contains several sections:

- Registered Users:** A login form with fields for 'Username' and 'Password', a 'Log in' button, and a 'Remember me' checkbox. Below the form are links for 'Forgotten your username?' and 'Send Password'.
- PRODUCERS:** Services for growers, breeders and finishers (pig icon).
- CORPORATES:** Services for owners of multiple sites (building icon).
- MARKETING GROUPS:** Services for industry trading groups (handshake icon).
- VETERINARIANS:** Services for veterinarians and veterinarian practices (first aid kit icon).
- ABATTOIRS:** Services for abattoirs and slaughterhouses (house icon).
- MARKETS:** Services for markets and collection centres (gavel icon).
- THIRD PARTIES:** Service Reports for government and industry (person icon).
- AGENTS:** Services for production unit agents (briefcase icon).

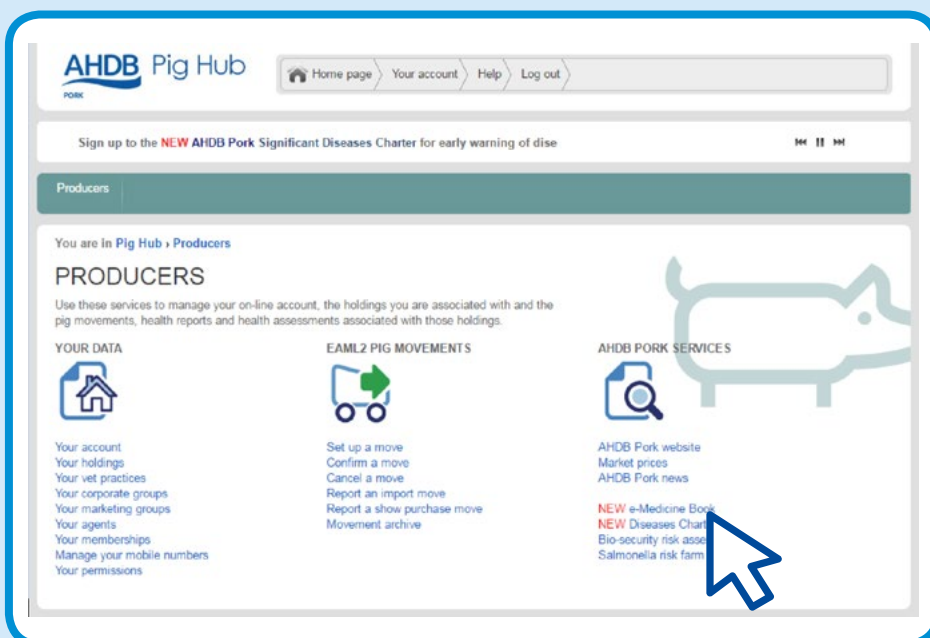

On the right side, there is a 'Welcome to Pig Hub' message with instructions: 'Log in using your existing eAML2 username and password.' and 'If you do not have an eAML2 login, register on Pig Hub by selecting the appropriate icon for your business.' A mouse cursor is pointing at the 'Log in' button.

Step 1

Log in to the AHDB Pig Hub using the same details that you already use for Pig Hub and eAML2.

If you do not have a Pig Hub account, click on the pig icon to register as a producer.

www.pighub.org.uk

The screenshot shows the AHDB Pig Hub Producers account page. At the top left is the AHDB PORK logo. Below it, there are navigation links for 'Home page', 'Your account', 'Help', and 'Log out'. A 'Sign up to the NEW AHDB Pork Significant Diseases Charter for early warning of disease' link is visible. The main content area is titled 'You are in Pig Hub > Producers' and contains several sections:

- PRODUCERS:** A heading with a sub-heading 'Use these services to manage your on-line account, the holdings you are associated with and the pig movements, health reports and health assessments associated with those holdings.'
- YOUR DATA:** A list of services including 'Your account', 'Your holdings', 'Your vet practices', 'Your corporate groups', 'Your marketing groups', 'Your agents', 'Your memberships', 'Manage your mobile numbers', and 'Your permissions'.
- EAML2 PIG MOVEMENTS:** A list of services including 'Set up a move', 'Confirm a move', 'Cancel a move', 'Report an import move', 'Report a show purchase move', and 'Movement archive'.
- AHDB PORK SERVICES:** A list of services including 'AHDB Pork website', 'Market prices', 'AHDB Pork news', 'NEW e-Medicine Book', 'NEW Diseases Chart', 'Bio-security risk assessment', and 'Salmonella risk farm'.

A large pig icon is visible in the background. A mouse cursor is pointing at the 'NEW e-Medicine Book' link.

Step 2

Click on **e-Medicine Book** in the **AHDB Pork Services** menu

Dashboard

pig hub test producer 1, AL1 3AF, 11/555/1102, AL1112

Welcome to eMB-Pigs.
Click here to start entering data.
Alternatively, submit your antibiotic usage using your third party medicine record keeping software. Click here to find out more.

Holding Details

Post Code: AL1 3AF
Holding Number: 11/555/1102
Stapmark: AL1112

Medicine data: View and enter
Antibiotic usage returns: View and submit

Data Entry

pig hub test producer 1, AL1 3AF, 11/555/1102, AL1112

There are several ways to submit data to eMB-Pigs. Help me choose.

- Simple antibiotic data entry
Select this option if you only want to provide total antibiotic usage data. This is the simplest and easiest option. You will still have to keep a separate medicine book.
- Use eMB-Pigs as my full medicine book
Select this option if you would like to use the eMB-Pigs medicine book to replace your existing medicine records.
- Use our Excel templates
You can use Excel for your record keeping. Choose this option to download the templates to use off-line or to upload data from a completed template.

Alternatively you can submit data using your on-farm record keeping software. Click here to find out more.

Add total amount of antibiotic used

Fields required for submission to eMB-Pigs are highlighted yellow. You should also check your legal and Red Tractor/other assurance scheme requirements.

Antibiotic product Feed in stock

Product: Amoxinsol 50% w/w Powder for Oral Solution
 My product is not listed

Age group: Finishers (13 weeks to finish)

Total quantity used: 800 Grams

Primary reason for treatment: Glassers (suspect)
 Reason not listed

Data entered in this box will be aggregated, anonymised and sent to the Veterinary Medicines Directorate for national reporting purposes.

Cancel Save

Holding category

Please select the category which most closely matches your holding type from the drop-down list.

Finisher

For reporting purposes, farms in the Finisher category will be compared to those in the Breeder to Finisher, Nursery to Finisher and Finisher categories.

Population data

Please complete the three boxes below, which are used to account for the scale of your pig holding when comparing antibiotic usage.

You should enter pig numbers for the period 1st Jan 2016 to 31st Mar 2016.

Number of sows and boars present: 0

Number of slaughter pigs that have been moved off your holding: 10000

Number of weaner pigs that have been moved off your holding: 0

Please ensure that the data you have entered are accurate before clicking Submit return. Once you have submitted this return, you will only be able to edit it (by converting it back to Draft status) for 24 hours. After this time, you will need to contact AHDB Pork to amend your return.

Cancel Submit return

Step 3

Once on the eMB-Pigs website:

- Confirm you have read and accepted the terms and conditions
- Select your holding on the **Choose Pig Holding** page
- Then click in the blue box on the **Dashboard** to start entering data.

Step 4

Choose which of the three options for data entry that you want to use. For example, choose **Simple antibiotic data entry** if you only want to provide total antibiotic usage data.

Step 5

- First select a time period. You can submit data for 3, 6 or 12-month periods
- Click on the blue **Add** button to start entering data
- Fill in all the fields with your antibiotic usage data

NB Information on all antibiotic treatments should be submitted to the eMB-Pigs website, including injectable, in-water, in-feed and skin, eye and ear treatments.

Step 6

Once you have entered all your data for the time period, select **Submit antibiotic usage return** from the menu on the right.

You will be prompted to enter your holding category and pig population figures before submitting the return.
