## REGISTER A NEW ABATTOIR

Pig abattoirs are locations (sites) that are used on the AHDB Pig Hub to record pig movements. They are also used as a collection point for animal health and carcass condition reports that are fed-back to producers.

Use the form opposite to send the details of your abattoir registration to us. An acknowledgement will be sent to the email address you supply on the form. We will contact you to set-up your account.

*Pig Hub is AHDB's web-based portal into AHDB Pork online services. The personal information we collect here is to enable AHDB to set up and administer your Pig Hub account and to also inform you about other ways in which you can engage with and benefit from the work funded through your levy e.g. the latest research, market intelligence, disease alerts, invitations to events and news on consumer marketing campaigns which could help your business to become more competitive and sustainable. For more information on how AHDB uses and protects your information please read our [Privacy Notice](#).*

- Your permissions

You are in [Pig Hub](#) > [Abattoirs](#) > [Your abattoirs](#)

[Back](#)

### Your Abattoirs

Abattoirs use the AHDB Pork eAML2 movement system to provide feedback and carcass data reports. Many abattoirs report in bulk through their IT systems and do not therefore need to use the eAML2 web site to make their reports.

Abattoirs can use this hub to manage their users and the information that is displayed to other users.

### Thousands trained to support the meat supply-chain

More than 6,000 AHDB Meatworks training modules support the supply chain.

Since 2015, AHDB has provided free theory and existing meat. Because of this, lamb and beef training come on board.

The online platform offers free theory and develop skills in meat – from professionals applied in processing, from

### African Swine Fever Update

At the end of 34, the prevalence of ASF in wild boar within the UK and the remainder have reported within commercial pigs within the UK. The remainder have reported within commercial pigs within the UK.

It comes at a time when the Department of Agriculture, Food and Rural Affairs (DAERA), An tSeirbhís Áiseála agus Tuáilte (ASAT) is providing ASF information to the public.

### Sheep meat heading to India in new export deal

Sheep meat from the UK will soon be heading to India for the first time in a deal worth £386 million over the next five years. The agreement will provide a boost for farmers and processors.

### Pig Health Scheme Relaunch

Reviewed and restructured, the former British Pig Health Scheme (BPHS) has now been relaunched as the Pig Health Scheme. There are two parts to the scheme's new structure.

- Trade
- Production

The new BPHS will be managed by the AHDB Meatworks team.

Participants will include:

- Abattoirs
- Producers
- Processors
- Exporters

Current production and processing levels are high.

### Pick pork advertising campaign reaches millions

During our latest Pick Pork campaign, sales of promoted cuts increase 16.5 per cent and almost £3.2 million compared to the previous period, according to Kantar Worldpanel.

Early results also indicate that more than half of the UK population (52%) – 34 million people – saw the adverts through a blend of TV, digital and online advertising activity, which promoted pork fillet and loin steaks and medallions.

The campaign ran for six weeks in the autumn, with TV adverts pulling in millions during top shows like the X-Factor, Great British Bake Off and Coronation Street, which called consumers to 'break-up with boring' and bring pork into their mid-week meals.
